Dear Sir

I desire to call your attention to some copper cable I will want the wires of the Electric Arc Lamps caught fire last night while I was changing the carbons and melted the wires and put all of the lamps out so they could not be used not having any copper cable I could not use them <sup>again</sup> the dynamo <sup>machine</sup> ~~its~~ magnetic power, before, they can be used I will have to have some material which states on the requisition enclosed I will also have to change the wires by getting the order this morning I think I can have them ready for to use to night

I Remain your obedient  
Servant
